Dear Ms. Kijner:

The Physician Assistant Review Panel is pleased to award a maximum of two hours of AAPA Category I CME credit to the program entitled ***Bridging the Gap: Understanding Chinese Medicine*** provided by the BomaMed Accupuncture and Herbal Medicine. This approval is valid for one year beginning November 3, 2008 if the program content does not change.

Reference to AAPA Category I CME approval must be presented in the following form. This statement must be included on the certificate of completion distributed to all physician assistant participants.

This program has been reviewed and is approved for a maximum of two hours of AAPA Category I CME credit by the Physician Assistant Review Panel. Physician assistants should claim only those hours actually spent participating in the CME activity.

This program was planned in accordance with AAPA's CME Standards for Live Programs and for Commercial Support of Live Programs.

In addition, the attached CME approval logo should be used in conjunction with the approval language provided above.

As an additional service, your CME program may be posted on the AAPA web site with a link to your own conference registration site. If you are interested, please call me for details.

Additional copies of CME approval forms can be downloaded from our web site www.aapa.org. We look forward to working with you on future programs.

Sincerely,

Adrienne D. Harris
Director, Continuing Medical Education
